

Taylor 3460 Dial Hanging Scale - 60lb

The Taylor 3460 Dial Hanging Scale features:

- fingertip zero adjustment control
- calibrated TruGauge Spring Mechanism
- durable solid steel casing
- heavy duty S hooks at the top and bottom
- 60 lb capacity
- dual revolution scale 1 graduation = 1/10 lb
- This scale is not legal for trade

The Taylor dial hanging scale is a good all purpose scale for home, farm or shop. This scale has a large easy to read 9 inch diameter dial and is very easy to calibrate. Included S-hooks allow for easy hanging of the scale and for attachment to a variety of pans and scoops.

No matter what you measure,
TAYLOR measures it precisely.
